REPORT OF THE DEPUTY MINISTER.

The Right Honourable SIR RICHARD J. CARTWRIGHT, P.C., G.C.M.G.,
Minister of Trade and Commerce,
Ottawa.

SIR,—I have the honour to submit the Sixteenth Annual Report of the Department of Trade and Commerce, (March 31, 1908) and in doing so I beg to state that this publication presents the most splendid record of Canadian trade expansion ever compiled in the history of Canada.

It is true that subsequent to the close of the last fiscal year, as is well known, declines have taken place. It cannot, of course, be expected that the trade should continue to increase indefinitely in such enormous proportions as it has in the past few years. It is reasonable to suppose, however, that a country with such enormous possibilities and resources as that of Canada, cannot be given more than a temporary setback in its progress, and eventually she must take a position of power and prominence among the nations of the world.

It is not a fair indication of the course of a nation's trade if the statistics of one year be compared with only the year immediately preceding: periods of five to ten years at least should be compared. The following statement, therefore, has been prepared, which shows Canada's relative commercial position. The figures are the last fiscal year statistics obtainable in each case. For Canada, the United States, Mexico and India they are for the ten years ending with the fiscal years 1898 and 1908. For detailed statement see page XV.

STEAMSHIP SUBSIDIES

It is difficult, as a general rule, to gauge the value of the steamship subsidies paid by this Department, but in some instances they show decided and definite encouragement. In the case, for example, of Mexico, a steady improvement in the exports to Mexico has been noticed since the steamship service to that country was first established. The service on the Atlantic was established in July, 1905. Since that date it will be seen that the exports to Mexico have steadily increased.

TRADE COMMISSIONER SERVICE.

The gradual extension of the Canadian Trade Commissioner Service has been continued during the past year. The Government lost its senior Trade Commissioner in England, and a valuable official, in the death of the late Mr. P. B. Ball, who was stationed at Birmingham. The vacancy created by the death of Mr. Ball was filled by the transfer of Mr. McKinnon from Bristol to that post—the vacancy caused by Mr. McKinnon's transfer being filled by the transfer of Mr. E. D. Arnaud, of Newfoundland.

Mr. J. E. Ray, who has been in charge of the office at Birmingham since the death of Mr. Ball was appointed Trade Commissioner in Newfoundland in the room of Mr. Arnaud. Mr. W. G. Fischer, of Toronto, was appointed Trade Commissioner at Glasgow, Scotland, Mr. H. R. Pousette, Trade Commissioner at Durban, S.A., and Mr. R. H. Curry was appointed Commercial Agent at Nassau in the Bahamas. Mr. Alex. MacLean*, who had for some time been stationed at Yokohama, Japan, was transferred to Shanghai, China, where a new office was established, and Mr. W. T. R. Preston was stationed permanently in Japan in room of Mr. MacLean.

During the summer of 1908, Messrs. D. H. Ross and W. A. MacKinnon, Trade Commissioners at Melbourne and Bristol respectively, were permitted to return to Canada for the purpose of visiting the commercial centres of the Dominion.

The Trade Commissioner Service has continued to improve in all its branches, and the reports of the Trade Commissioners as published in the Weekly Report of this Department have been widely commented upon in the various trade and daily newspapers in Canada. An additional feature of the Weekly Report which has met with marked favour has been the republishing of extracts from British and other foreign consular reports, as well as extracts from trade journals, &c.

WEEKLY REPORT.

Besides the Monthly Report the usual Weekly Report, containing the reports of various Canadian Trade Commissioners and Commercial Agents and other information of importance has been published regularly. There are now 2,850 copies sent out every week, an increase of 450 over last year. This number does not include those sent to the members of the Senate and the House of Commons. Care is taken that this report is sent only to those who ask for it, and in that way the circulation is more judicious, and the expense that would be entailed in a larger edition is avoided.

TRADE INQUIRY ADDRESSES FURNISHED.

Statement showing the number of addresses to trade inquiries furnished upon application to readers of Trade and Commerce reports for the same period as above.

The reason for the above statements showing that apparently more addresses were furnished correspondents than were received since the Weekly Report was first published in 1904, is the fact that some of the same addresses are furnished to many interested applicants.

These statements only contain those inquiries which have been published, and interested firms found directly through the medium of departmental reports. The inquiries received and replied to in the ordinary correspondence of the Department are not included in the above statement.

TRADE SUGGESTIONS.

Recently this Department mailed many thousand circulars throughout Canada to merchants, manufacturers, importers, Boards of Trade, newspapers, Trade journals, etc., asking in a general way for suggestions as to how Canadian trade might be extended abroad and in what way the commercial and statistical information published by the Department might be improved. As this report goes to press hundreds of communications are being received, some of which appear to be of considerable value and which will be followed up actively by correspondence as soon as they can be classified and considered by the Department.

TRADE OF CANADA TO OCTOBER 31.

The usual unrevised advance statements, Nos. 3 to 6, pages xvi to xxii, showing the trade of Canada during the seven months ended October 31, for a period of years, are appended.

TERMINALS.

The thirteen elevators classed as terminals are owned and operated as follows :—

At Port Arthur, Ontario, the Canadian Northern Railway own two with a capacity of 3,750,000 and 3,250,000 bushels respectively. These are operated by the Port Arthur Elevator Company.

There is also at Port Arthur, the elevator of Jos. G. King and Company, with a capacity of 800,000 bushels. This elevator is on the line of the Canadian Pacific Railway.

At Fort William, Ontario, the Canadian Pacific Railway own and operate three with a respective capacity of 2,458,000, 2,219,700 and 1,221,000 bushels each.

The Empire Elevator Company has one of 1,750,000 bushels capacity, the Consolidated one of 1,000,000 bushels, the Ogilvie Flour Mills Company one of 550,000 bushels, and Muirhead, Black and Company one of 60,000 bushels capacity.

At Keewatin, Ontario, the Lake of the Woods Milling Company have two milling elevators having a capacity of 700,000 and 500,000 bushels respectively.

At Kenora, Ontario, the Maple Leaf Flour Mills Company has one of 500,000 bushels capacity.

The greater portion of the grain taken into the hundreds of smaller elevators in the west, and shipped from loading platforms at country points, there finds its way into these terminals at the lake front and is shipped from there to its ultimate destination, the bulk for the crop year going by vessel to Georgian Bay ports, Montreal and Kingston, although close on to 9,000,000 bushels went to Buffalo and other United States ports.

In addition there was shipped direct by rail over the Great Northern to Duluth 1,571,940 bushels.

The total shipments by vessel and rail from Fort William and Port Arthur since September, 1899, are shown elsewhere in Statement No. 58, page 857.

COUNTRY OR INTERIOR ELEVATORS.

In the three provinces of Manitoba, Saskatchewan and Alberta (including three for British Columbia) there are 1,305 elevators : one (at St. Boniface) has a capacity of 500,000 bushels, three have a capacity of 250,000 bushels, one 225,000 bushels, one 150,000 bushels, one 125,000 bushels, one 120,000 bushels, two 110,000 bushels, one 103,000 and three 100,000 bushels capacity.

They run all the way from 4,000 up to 250,000, except the milling elevator at St. Boniface which has a capacity of 500,000 bushels, but the bulk of them are of 25,000 to 30,000 bushels capacity. Excluding the 14 elevators that run from 100,000 upwards, the average for the remaining 1,291 would be 28,710 bushels.

WAREHOUSES.

The thirty-six warehouses operated during the year range in capacity from 1,000 to 12,000 and have an average of 6,083 bushels. These warehouses are decreasing in capacity and number, and are 16 less than last year.

INCREASE IN CAPACITY.

Of the total increase in capacity for 1907-8, viz. : 3,313,500 bushels, the country elevators account for 3,179,800 bushels, and the terminals for 133,700 bushels.

AMOUNT INVESTED.

The total amount invested in terminal and country elevators and warehouses in the Manitoba Grain Inspection Division, is approximately $11,707,000.

WHEAT HANDLED AT INTERIOR POINTS.

It will no doubt be of some interest to the Canadian people to know that the total quantity of wheat handled by country elevators in the three western provinces during the crop year ended August 31, 1908, was 42,000,000 bushels, and that loaded over loading platforms, and shipped direct by farmers was about 12,000,000 bushels.

CHINESE IMMIGRATION.

No. 67.—Statement showing the Transactions under the Chinese Immigration Acts to March 31, 1908.

The original Act went into force as respects arrivals by vessels sailing from ports in North America on August 20, 1885, and as respects arrivals by other vessels on January, 1, 1886, *vide* 48–49 Victoria, chapter 71.

The Act as it appears in the Revised Statutes, chapter 67 (1886), is slightly changed from the original. There have been since then two amendments thereto, viz.: as per 50–51 Victoria, chapter 35 (1887) and 55–56 Victoria, chapter 25 (1892),

These general Acts were repealed by the Act 63–64 Victoria, chapter 32, which came into force Jan. 1, 1901. There has been since then one amendment thereto, viz.: as per 2 Edward VII., chapter 5 (1902).

The Act 63–64 Victoria, chapter 32 (1900) and Act 2 Edward VII., chapter 5 (1902), are repealed by the Act 3 Edward VII., chapter 8 (1903), which came into force January 1, 1904.

All previous Acts in force were consolidated in the Revised Statutes of 1906 under chapter 95, and in July, 1908, amendments thereto were enacted, viz.: 7–8 Edward VII., chapter 14.

The administration of the Act was by Order in Council of September 1, 1885, assigned to the Department of Customs and transferred to the Department of Trade and Commerce by Order in Council of March 13, 1893.

The annual revenue, expenditure, &c., has been as follows:—

(*b*) On account of small collections no payments were made to the Provinces for 1905 and 1906, but were included in the refunds for 1907.

TREATIES AND CONVENTIONS.

Agreement between the United Kingdom and Liberia 285
Declaration between the United Kingdom and Paraguay 285
Treaty of Commerce between the United Kingdom and Servia 286

REPORT OF THE DEPUTY MINISTER.

The Right Honourable,
Sir Richard J. Cartwright, P.C., G.C.M.G.,
Minister of Trade and Commerce,
Ottawa.

Sir,—The accompanying figures of *Foreign Trade* cover the usual information published year by year for the purpose of pointing out trade openings in foreign countries. They show as far as information has come to hand the aggregate trade and details of the principal imports and exports of such countries, thus giving Canadian manufacturers, producers and exporters as well as importers—information as to the resources and requirements of such countries, enabling those wishing to extend their business to judge as to whether and where there are openings for their particular lines, or where if they wish to import they may be able to purchase the goods they require.

In order that Canadian manufacturers and exporters may have at their command as complete information as possible respecting the possibilities of the markets of British and foreign countries, this volume has been considerably enlarged this year by the addition of the trade—both import and export—of the following countries :—

Alaska,
Bahamas,
Bermuda,
Brazil,
British Honduras,
Colony and Protectorate of Southern Nigeria,
Cyprus,
Hawaii,
Leeward Islands,
Nyasaland Protectorate,
Philippine Islands,
Porto Rico,
St. Lucia,
St. Vincent,
Somaliland Protectorate,
Uganda Protectorate.

There are unlimited openings for trade still unexploited by Canadians which with the fast increasing facilities for communication could well be taken advantage of with profit while still retaining grasp on what has already been secured. Energy backed by enterprise and capital could easily add an enormous increase to our trade figures, and it is to be hoped that the voluminous information published from time to time by the Department will assist materially those in position to take advantage of opportunities offering, to extend and increase their foreign trade in proportion to Canadian progress in other ways.

I have the honour to be, Sir,
Your obedient servant,

F. C. T. O'HARA,
Deputy Minister.

Ottawa, March 13, 1909.

COINAGE, WEIGHTS AND MEASURES

To assist in arriving at a comprehensive understanding of the value of foreign currencies, weights and measures (as expressed in foreign trade returns, tariffs, &c.,) as compared with those of Canada, tables have been prepared as follows:—

As regards those of Canada, the law provides that the denominations of money in the currency of Canada shall be dollars, cents and mills, the cent being the one hundredth part of a dollar, and the mill one-tenth part of a cent.

That—The currency of Canada shall be such that the British sovereign (the pound sterling) of legal weight and fineness, shall be equal to four dollars eighty-six cents and two-thirds of a cent.

In like manner the law provides as respects weights, that the unit shall be the standard pound (avoirdupois) of 7,000 grains, one-sixteenth part of the standard pound shall be an ounce (437½ grains) one hundred pounds a cental, and two thousand pounds a ton, and that four hundred and eighty grains shall be an ounce troy, or 5,760 grains a pound troy.

As regards measures—that the unit or standard measure of capacity, as well for liquids as for dry measures, shall be the gallon containing ten standard pounds weight of distilled water weighed with the water and air at a temperature of sixty-two degrees Fahrenheit, with the barometer at thirty inches, that the quart shall be one-fourth part of the gallon, and the pint one-eighth part of the gallon, and that eight gallons shall be a bushel.

This gallon commonly known as the 'Imperial Gallon,' contains 277·274 cubic inches, or 353·036 cylindrical inches.

The standard measure of length is the yard, one-third part of which it is provided shall be a foot, and the twelfth part of such foot shall be an inch.

In many countries the Metric system of weights and measures has been adopted. A separate table of Canadian equivalents of these is given in order to avoid repetition, the word 'Metric' being used in the general table in each case where the system is in vogue, as indicating a reference to that table.

The equivalent value of the monetary unit can only be given as respects those countries having a gold standard. Where silver is the standard, the value of the currency necessarily fluctuates correspondingly to the market value of silver bullion, and were any attempt made to quote the value of such currency it would, under present circumstances, be misleading, therefore, the weight in decimal parts of an ounce with the fineness of the coin is given instead, which will enable any one to approximate the value of the currency according to the current value of fine bar silver. As an example, say fine bar silver at 75 cents an ounce, the Bolivian dollar weighs ·801 of an ounce, its fineness is ·900, therefore 75 × ·801=60·075 which × ·900=54·0675, or a small fraction over 54 cents, and the actual intrinsic value of the pure silver contained in the coin, to which should be added a reasonable allowance to cover the value of the alloy, the cost of the coinage, and in some instances exchange, the aggregate of which would be approximately the current value in Canadian currency of the dollar in question.

Unless carefully noted, the quotations as usually given of the current value per ounce of silver may be misconstrued and lead to misapprehensions, as it is sometimes quoted per ounce *fine*, and sometimes per ounce *standard;* thus for instance on a certain day the London quotation reads 'fine silver per ounce standard 32 d.,' while on the same day it is quoted in New York '69½ cents per ounce fine;' as 32 d. is equal to a fraction over 64⅞ cents, there would appear a difference of about 4⅝ cents per ounce between the two prices, the New York price appearing that much in excess of the other, were it not noticed that one is based upon *standard* fineness and the other upon absolute fineness, but by reducing the New York "fine" to London "standard" (of ·925 fine, or 444 grains fine to the ounce) the actual difference between the two quotations is found to be only about ⅝ of one cent per ounce, the London price being that much in excess of the New York.

To reduce the value of *standard* or sterling silver when expressed in pence to *fine* expressed in cents, multiply the pence and decimal parts thereof by 2·192.

To find the *standard* or sterling value expressed in pence and decimal parts thereof when *fine* is expressed in cents multiply the cents by 0·4562.

* Old weights and measures sometimes used. ‡ The values in Chinese Imperial Customs Returns are always given in Haikwan taels, which are relatively in value equal to about 1·113 Shanghai taels. The tael is in reality not a standard of value (there is no such coin), but of weight, and when used in the sense of a value it only represents its weight in gold or silver, as the case may be, the real difficulty is to establish its exact equivalent in grains. Authorities differ greatly, as also does the practice in different sections of China. The Chinese are far from being inexact, and the probability is that there exists a standard, and a further probability that it s equal to 10 Japanese mommes, or 579·72 grains, which figures have been used in computing the value as above. It will be observed, however, that these figures fall short about 3·61 grains from the weight usual (say 1⅓ oz. per tael) in dealing with the weights other than those of gold and silver. § Usually reckoned same as Chinese Picul of 133⅓ lbs. ϕ This is long measure. Cloth measure is 25% greater in length than long measure. Therefore by cloth measure 1 sun = 1·4916 in. 1 shaku = 14·916 in. and 1 jo = 149·6 in.

TABLE of constant Factors, which multiplied by the current value per ounce of silver either pure or standard as the case may be, will give the value of the silver contained in the coin referred to, to which if there be added a small percentage to cover the value of the alloy and the cost of coinage, the aggregate will equal the the intrinsic value in Canadian currency of the coin in question.

TREATIES AND CONVENTIONS.

AGREEMENT BETWEEN THE UNITED KINGDOM AND LIBERIA.

An agreement between the United Kingdom and Liberia was signed at Monrovia, July 23, 1908, modifying the Treaty of Commerce of November 21, 1848, which agreement reads as follows :—

'WHEREAS the Treaty of Friendship and Commerce between His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India, and the President of the Republic of Liberia cannot be modified or terminated except by mutual consent on the part of the High Contracting Parties :

'The Government of His Britannic Majesty and the Government of the Republic of Liberia hereby agree that any of His Majesty's Dominions mentioned below may withdraw from the treaty separately at any time on giving twelve months' notice to that effect, but that nevertheless the goods produced or manufactured in any of such Dominions shall enjoy in Liberia complete and unconditional most-favoured-nation treatment, so long as such Dominion shall accord to goods the produce or manufacture of Liberia treatment as favourable as it gives to the produce or manufacture of any other foreign country. The Dominions to which this Declaration applies are the Dominion of Canada, the Commonwealth of Australia, the Dominion of New Zealand, Cape of Good Hope, Natal, Newfoundland, Orange River Colony, and Transvaal, and the Indian Empire.'

Done at Monrovia this twenty-third day of July in the year of Our Lord 1908.

[L.S.] BRAITHWAITE WALLIS,
His Britannic Majesty's Consul.

[L.S.] F. E. R. JONHSON,
Secretary of State.

DECLARATION BETWEEN THE UNITED KINGDOM AND PARAGUAY.

A declaration between the United Kingdom and Paraguay was signed at Asuncion, March 14, 1908, amending the Treaty of Commerce of October 16, 1884, which declaration reads as follows :—

"WHEREAS the Treaty of Commerce between His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India, and the Republic of Paraguay, of 1884, is terminable by twelve months' notice given by either of the High Contracting Parties, and whereas it is desirable that liberty should be reserved to any of His Majesty's Colonies, Possessions or Protectorates to withdraw from the Treaty without impairing the validity of the Treaty as between the United Kingdom and those other parts of His Majesty's Dominions which may desire to remain bound by the said Treaty, the Government of His Britannic Majesty and the Government of Paraguay hereby agree that any of His Majesty's Colonies, Possessions or Protectorates may withdraw from the Treaty separately at any time on giving twelve months' notice to that effect, but that nevertheless the goods produced or manufactured in any of His Britannic Majesty's Colonies, Possessions and Protectorates shall enjoy in Paraguay complete and unconditional most-favoured-nation treatment so long as such Colony, Possession or Protectorate shall accord to goods the produce or manufacture of Paraguay treatment as favourable as it gives to the produce or manufacture of any other country.'

In witness whereof, the undersigned have signed the present Declaration and have affixed thereto their seals.

Done at Asuncion, in duplicate, the fourteenth of March, 1908.

TREATY OF COMMERCE BETWEEN THE UNITED KINGDOM AND SERVIA

A Treaty of Commerce between the United Kingdom and Servia was signed at Belgrade, February 17, 1907, and ratified on March 31, 1908.

ARTICLE 13 OF TREATY.

'The stipulations of the present Treaty shall not be applicable to any of His Britannic Majesty's Colonies, Possessions or Protectorates beyond the seas, unless notice of adhesion shall have been given on behalf of any such Colony, Possession or Protectorate by His Britannic Majesty's Representative to His Majesty the King of Servia before the expiration of one year from the date of the exchange of the ratifications of the present Treaty.

'Nevertheless, the goods produced or manufactured in any of His Britannic Majesty's Colonies, Possessions, and Protectorates, shall enjoy in Servia complete and unconditional most-favoured nation-treatment so long as such Colony, Possession or Protectorate shall accord to goods, the produce or manufacture of Servia, treatment as favourable as it gives to the produce or manufacture of any other foreign country. In such cases the Colony, Possession or Protectorate concerned shall communicate its intention in accordance with the procedure mentioned above.'

ARTICLE 16 OF TREATY.

'The present Treaty shall be ratified and the ratifications shall be exchanged at Belgrade as soon as possible. It shall come into force immediately upon ratification, and shall be binding until 18th, 31st December, 1917. From the date on which the present Treaty comes into operation, the Treaty of the 28th June, 10th July, 1893, shall cease to have effect.

'In case neither of the Contracting Parties shall have given notice to the other, twelve months before the date above mentioned, of their intention to terminate the present Treaty, it shall remain in force until the expiration of one year from the day on which either of the Contracting Parties shall have denounced it.

'As regards, however, the British Colonies, Possessions and Protectorates, which may have adhered to the present Treaty in virtue of article 13, either of the Contracting Parties shall have the right to terminate it seperately at any time on giving twelve months' notice to that effect.

'It is understood that the stipulations of the present and of the proceding article referring to British Colonies, Possessions or Protectorates apply also to the Island of Cyprus.

ARTICLE 13 OF FINAL PROTOCOL.

'His Britannic Majesty's Government undertake to inform the Governments of the Colonies, Possessions and Protectorates or His Britannic Majesty, in communicating the present Treaty to them, that the Servian Government have expressed a wish to receive reasonable notice of their intention to withdraw the treatment of the most favoured nation which the said Colonies, Possessions or Protectorates may have accorded to Servia.'

Upon the report of a Committee of the Honourable the Privy Council approved by His Excellency the Governor General under date June 8, 1908, the Right Honourable the Secretary of State for the Colonies was advised under date June 17, 1908, of the non-adhesion to the said Treaty, as provided under articles 13 and 16 of the Treaty and article 13 of the Final Protocol, on the part of Canada.

In view of the above report the department decided not to publish the Treaty, in full. A copy of the said Treaty is on file in the deparment and may be seen on application.
